From October 1, 2019, the Consumption Tax Rate and Local Consumption Tax Rate will increase to 10%

※2.2% of the 10% is local consumption tax

- The raised tax rate is necessary in order to pass on our social security system to the next generation and create a society where all people can lead worry-free lives.
- The additional revenue will be used to create a social security system which benefits all generations.
- We are implementing policies which take into account both household incomes and economic circumstances.

This information is current as of August 29, 2019
