

A Yell to our Juniors

~A Senior High School Guidance to Students of Foreign Roots~

This guidance is for students whose first language is not Japanese and are considering on entering Japanese senior high school. This activity aims to answer the following questions:

What expect on Senior High School life? How is the entrance exam?
How much money do we need? Should I just work instead? among others.

There are a lot of students of foreign roots who were determined and have succeeded Japanese senior high school. Some are currently studying in universities and vocational schools, while some are actively participating in the workforce. We know that you are doing your best in stage of your student life and we would like to motivate and encourage you as you move forward. We would like to think that this will be a hint on the bright future ahead of you!
