

NO! COVID-19 Harassment

We should fight the virus, not each other...

- Do not discriminate or bully anyone who's been infected.
- Do not post any rumors or false information about infections on social media.
- Please consult with us if you have any concerns or are facing any difficulties.

If you would like to consult with someone in a foreign language, please contact the Prefectural Consultation Center for Foreign Residents:

058-263-8066
